ABOUT ME

A Graphic Designer/ Web-Developer experienced for about 8 months and a handful experience on DSA with keen knowledge & interest in designing. Currently building core foundation in Python libraries and Machine Learning. Always use the out-of-the-box principle in creating the project, so it will come out with more powerful exposure and strength to attract public attention to the promotion campaign.

EXPERIENCE

Freelance Graphic Designer

2025-2026

Created Attractive Music album arts for Music Artists and Also created Logo for few local Shops in town.
